RE: Proposed outline for your
remarks to US Air Force Academy
Colorado Springs, CO
20 February 1991 7:00 p.m.

You are scheduled to speak to approximately 800 cadets and 200 faculty at the US Air Force Academy. Your talk is set for 30 minutes, to be followed by 20 minutes of questions and answers. The title of your talk is "The Role of Intelligence in the Persian Gulf."

In your proposed outline, you would talk about the intelligence support we are providing the military and our policymakers in the Persian Gulf war, and about some of the implications the war will have on the region. You would conclude your remarks by talking about the need for flexibility in the Intelligence Community.

The outline is based on discussions with [redacted] CIA representative at the Pentagon, and [redacted] Chief of the Arab-Israeli Division in the DI.
